

## Little Hadham Parish News:

### New Councillors needed

The Council elections confirm we have vacancies at Parish Level. We have 3 returning Councillors and now have 4 vacancies for new councillors to join the Parish Council. If you are interested in hearing more, please contact the Clerk at [clerklittlehadham@gmail.com](mailto:clerklittlehadham@gmail.com) or 01920 870809.

### What Does Your Council Do?

Community safety, housing, street lighting, allotments, cemeteries, playing fields, community centres, litter, war memorials, seats and shelters, rights of way and some aspects of planning and highways – these are some of the issues that concern parish government.

### What Does a Councillor Do? - As a councillor you have a responsibility to:

- attend meetings when summoned to do so;
- consider, in advance of the meeting, the agenda and any related documents which were sent to you with the summons
- take part in meetings and consider all the relevant facts and issues on matters which require a decision including the views of others expressed at the meeting
- take part in voting and respect decisions made by the majority of those present and voting • ensure, with other councillors, that the council is properly managed

### Community Spirited

A big thank you to Tina Joyce and her daughters Kiera, Sienna and Lilia. Who collected the rubbish shown here from the north side of the A120 during the recent road closures. The three girls collected the litter as a Mother's Day present for their environmentally minded mum. Great work 'Team Joyce'

### The Parish of Little Hadham – Walking Leaflet

(copies in the Village Hall, the local Public House and on line) The Parish Clerk also has copies.

### Dog waste

Dog poop sprayed-painted shiny pink and orange to highlight dog-fouling and stop pedestrians stepping in it. What do we as a Parish think about it, will it help the ever-increasing issue of owners not picking up their dog waste? Come along to our Parish Annual Meeting on the 14<sup>th</sup> May in the Village Hal at 7pml.
